- React.Js
- Next.js
- Redux
- HTML5
- CSS3
- Javascript
- Python

EDUCATION

B.Tech in CSE

NIST, Odisha • 2019–2023

Intermediate

Arihant junior college • 2017–2019

Matriculation

S.S.V.M • 2017

LANGUAGES

- English
- Hindi
- Odia

EXPERIENCE

Intern

Knowledge Lens • May 2023 – Present

- Successfully implemented React.js in various projects, showcasing expertise in front-end development and delivering exceptional user experiences.
- Developed a project utilizing fast API, gaining hands-on experience in back-end development and building efficient RESTful APIs.

Freelance

DE-cloud • February 2023

- Created a dynamic and responsive website using **React.js**, demonstrating proficiency in front-end development and delivering an intuitive user interface.
- Utilized **Redux** to effectively manage states, ensuring seamless data flow and enhanced user interactions.
- Collaborated closely with a backend developer to seamlessly integrate the front end with the backend, ensuring robust functionality and data synchronization.
- Managed the project using **Git**, maintaining a version-controlled repository available at <https://github.com/ashusharma-git/de-cloud.git>
- Deployed the website on **Netlify**, making it accessible to a wider audience. Check out the live version at: <https://de-cloud.netlify.app/>
